Part 6: Direction to Schools	

PART 1: Philosophy and Affiliations

Philosophy

The purpose of athletics at FBT/FCS is to glorify God and honor His Son, Jesus Christ. Our goal will be to display and exhibit Christ-like attitudes while being competitive in the arena of athletics. Athletics is merely a tool to build Christian character. We would prefer to lose with dignity than win in a manner that would mar our testimony or dishonor our Lord.

I Corinthians 10:31, Colossians 3:23, 24

Values are “the things that matter most.” Our primary value is to give glory to God and honor to Jesus Christ. Other values that will be stressed are

- Respect
- Discipline
- Excellence
- Self-control
- Determination
- Courage
- Dignity
- Fair play
- Commitment
- Teamwork
- Good attitude
- Physical strength, coordination, and conditioning

Affiliation

Florence Christian School athletic teams compete interscholastically under the guidelines and policies of the South Carolina Independent School Association (SCISA).

PART 2: Code of Conduct

Listed below are regulations imposed by SCISA. This does not, however, infer that FCS is limited to these regulations as we maintain and enforce our standards.

- Athletes and coaches shall at all times conduct themselves in a reasonable and sportsmanship manner, reflecting full and true credit to FCS.
- One would be in violation of the above statement upon one of the following.
 - Making a degrading remark about an official, coach, or athlete during or after a game either on or off the field, floor of play, or on/off the bench.
 - Protesting any decision or action of any official during or after a game.
 - Making any degrading remarks or criticism of any official, coach, or athlete to any new media.
 - Using foul, abusive, or profane language at any time.
 - Hitting, shoving, or striking any official, coach, or athlete at any time.
- In addition to conduct at athletic events, it is required during travel to/from events and at hotels during overnight trips.

Athletes

Athletes become leaders of the student body by default – for good or bad. As coaches and parents, we should be interested in teaching them to lead in a positive manner.

While all students are subject to the rules of the school, coaches should have a higher standard of conduct. In other words, when an athlete breaks a major school rule, there should be a penalty as an athlete as well. To fail to have a higher expectation will result in the wrong role models for the students in general.

If an athlete quits a team after the season begins, the athlete will not be allowed to play or practice with another team until the first team's season is completed.

Coaches

Coaches are leaders. In order to have unity, each coach must subscribe, without reservation, to this philosophy and model it at all times. Coaches are also teacher/trainers of this philosophy. Coaches will teach and model this philosophy by conducting several “sit-down” basic Bible study sessions and use “teachable moments” in practice and games.

Coaches should also look for opportunities to minister to the athletes. When a player violates team or school rules, this is a signal for ministry. Coaches should seek to understand the issue, help the athlete understand the moral or spiritual principle he or she has violated, and pray with the athlete.

Every practice should begin and/or end with prayer.

Fans

Our fans must also reflect our philosophy and values. Each team will have a pre-season meeting with parents to review this philosophy. When there are violations involving parents or players, the coach for that team will talk with the parent. Violations involving other fans will be addressed by the Athletic Director or member of the administration of FCS.

Hazing

FCS does not support hazing of its athletes in any form. The athletic department has a zero-tolerance policy for such actions, and any participation in these types of activities will result in immediate suspension and possible removal from the athletic program.

Officials

Officials are to be treated with respect at all times – before, during, and after the contest. There will be a “zero-tolerance” policy regarding disrespectful behavior toward officials. Adherence to this policy will be required of coaches, school administration, teachers, players, parents, and fans.

PART 3: ELIGIBILITY

Academics

Extra-curricular activities are a vital part of a young person's life. However, we believe at FCS that academics are more important. With the high academic standards we have, it is necessary for us to have an academic eligibility requirement for extra-curricular activities. These policies are based on the requirements set forth by the Athletic Committee of SCISA.

Academic eligibility is determined at the beginning of each school year and after each nine weeks grading period.

Final grades from the previous school year are used to determine eligibility for Fall sports. Student-athletes must have passed all courses and achieve a 2.0 GPA (70 average in Bible and SCISA core classes). According to SCISA, core courses are defined as follows:

“Those courses in English, Mathematics, Science, Social Studies, Computer Science (1), Fine Arts (1) and Foreign Language that are recommended by the Commission on Higher Education and are common to SCISA schools” (SCISA Athletic Handbook Constitution, p. 8).

To remain academically eligible during the school year, student-athletes must pass all courses and maintain a 2.0 GPA (70 average in Bible and SCISA core classes) on each report card. Students who do not meet these requirements will be declared academically ineligible on the last day of the nine week's marking period.

NOTE: Ineligible student-athletes will not be allowed to try out for teams, practice, or participate in game day activities. Student-athletes who are ineligible at the beginning of a season will not be allowed to join the team after regaining eligibility if cuts were made during the team's try-out period.

Age

A student is not eligible for:

- Varsity sports if his/her 19th birthday is before July 1st of the current school year.
- Junior varsity sports if his/her 16th birthday is before July 1st of the current school year.
- B team sports if his/her 15th birthday is before July 1st of the current school year.
- Junior high sports if his/her 14th birthday is before July 1st of the current school year.

Eight Semester Rule

A student has eight consecutive semesters of eligibility from the time he/she enters the ninth grade – public or private school.

Enrollment

Student-athletes must be enrolled in FCS before participating in any pre-season workouts or practices. Current students must be re-enrolled for the next school year in order to be eligible for participation in spring football practice and cheerleading tryouts.

Transfers

- A student who transfers after having attended one class, filed the Agreement for Participation during the defined sports season, or practiced with a team on or after first official practice date at another school must wait sixty (60) days to become eligible.
 - This may be waived for a bono fide change in residence.
 - The move must be with the intent of being permanent.
 - The entire household must be moved into the new residence.
 - The original residence must be clearly closed as the residence of the family and must not be used by the family.
- The sixty day waiting period may be waived following a SCISA League/Committee review if all of the following conditions are met to

the satisfaction of the Committee at its sole and absolute discretion for a **non-member to member** transfer (Non-SCISA school to FCS):

- The student has completed a Transfer Form
- The parents provide a statement detailing the reason for the transfer;
- The student enrolls in the SCISA member school on or before
 - September 15th for fall sports
 - January 8th for winter sports (the end of the first semester).
- If approved, a transfer must participate in ten (10) days of practice before he/she is allowed to participate in a game.
- Second semester transfers are subjected to the Sixty Day Rule (*transfers after January 8th/end of the 1st semester*).
- A transfer must have attended classes for thirty days prior to the start of the play-offs to be eligible to participate in the play-offs.
- An academically eligible transfer student (*school year transfer as defined above*) must have been eligible to represent his/her former school under any school, student, or athletic policy that was in place when the student transferred or the student must wait for ninety (90) calendar days to become eligible.

Required Forms

Before trying out for any FCS sport, the student-athlete must have the following SCISA forms on file in the FCS Athletic office. These forms may be found on the "Athletic Resources" page on the school's website.

- Agreement for Participation
- Pre-Participation History and Assessment
- Physical Examination
- Warning of Inherent Risk/Minor Waiver/Release
- Student/Parent Concussion Awareness Form
- Football Warning: Helmet, Equipment, and Technique (Football Players)

PART 4: Financial Obligations

Athletic Fee

All students participating in athletics must pay a \$50.00 one-time fee. This fee will be used to assist with transportation costs, SCISA fees, awards and other miscellaneous fees that arise.

This fee must be paid prior to the first game of the season. Any child with an outstanding Athletic Fee will not be issued his/her game jersey.

Equipment

Certain activities require that students provide some of their own personal equipment and/or clothing. Each coach or sponsor will provide all potential participants with a list of required obligations. These obligations will include equipment, clothing, and time requirements. This information will be listed on the parent's permission form to be taken into consideration before permission is given.

Insurance

Every athlete must be covered by insurance before he/she can try out for an athletic team. The parent must provide the school with the company name and policy number of their insurance carrier.

PART 5: General Information

Academic Responsibilities

Athletes are responsible for all assignments that are due regardless of practice and/or game schedules. Athletics, like all extra-curricular activities, are undertaken without the compromise of academics in quality time schedules. All FCS teachers, however, will assist athletes by being familiar with game schedules and giving enough advanced notice of assignments. All athletes are required to attend school and complete all assignments the day following a game regardless of arrival time the night before.

Attendance

Student-athletes must attend at least half the school day (3 full classes) on the day of a practice/game if he/she to be eligible to participate. The administration may give permission to participate under unusual circumstances. It is the responsibility of the student to request permission from the athletic director.

Dress Code for Athletes

Athletes are allowed to wear practice clothing authorized by their coaches and uniforms provided by the school. However, the following rules apply:

- Shorts must be long enough that fingers do not touch the skin of the leg.
- Compression shorts can be worn underneath shorts but are not the standard for the length.
- Shorts should not fit too tightly.
- Sports bras can only be worn underneath clothing.

Sports attire should only be worn in the play areas. For example, athletes using the gym should not be in the halls or in any location other than the gym with practice/game attire. Also, athletes should never come to the gym or exit the gym dressed in practice/game attire during school dismissal time. Finally, male athletes should wear shirts at all times.

FCS Athletic Booster Club

The FCS Athletic Booster Club exists for the purpose of broadening the school athletic program and the involvement of students and their families. The booster club works to achieve the following through participation of parents, working closely with the school administration and athletic director:

- To support, promote, and maintain a high degree of Christian values and good sportsmanship in all athletic activities
- To support, promote, and maintain a high standard of spiritual priorities within the athletic program
- To promote and encourage better attendance to all sporting events by parents, students, friends, and faculty
- To raise funds to assist in the development of the athletic program
- To assist in holding down expenses of the athletic program by providing volunteer services which include supervision of parking lots, assisting with admission ticket sales and collection, working concession stands, and other club projects as may be established.

To join the FCS Booster Club, contact the school office. Membership can include season tickets to all home games.

Locker Room Regulations

All valuables should be locked away using the student lockers in the hallway.

The locker rooms are not a place for “horse” playing or anything other than team meetings or changing clothes. Appropriate behavior is expected at all times.

Locker rooms are to be cleaned by the team after each competition (home and away).

Physical Examinations

Every athlete must have a medical examination from a medical doctor before he/she will be allowed to try out for any team. This exam must be recorded on the form provided by SCISA which can be acquired from the school

office. The school will make an effort to arrange with a local doctor to examine our athletes at one time at a reduced rate. However, if arrangements cannot be made, it is the athlete's responsibility to get their exam. One exam per year is all that is required to play every sport for that school year.

Physical Trainers

McLeod Sports Medicine is under contract to provide physical trainers for most varsity athletic events and junior varsity football at all home games. The trainer will also visit the school once a week to check on injuries. McLeod also offers a free clinic on Saturday mornings during the school year for athletes who have been injured.

Practice Schedules

Each coach will provide parents and athletes with a tentative schedule at the beginning of the season. The coaching staff will be responsible for staying at the practice site for the duration of the given practice time and until all the athletes are gone. Parents need to make the effort to be sure that their child is picked up by the end of the practice.

Risk of Participation

By its nature, participation in athletics includes the risk of injury which may range in severity from minor to disabling to even death. Although serious injuries are not common in supervised programs, it is impossible to eliminate the risk. Participants can and have the responsibility to help reduce the chance of injury. Participants must obey all safety rules, report all physical problems, follow proper guidelines for safe play and inspect their own equipment.

Transportation Policies

All members will travel with the team to events. All members will travel with the team from events unless one of his/her parents is present at the event and assumes full responsibility. The athletic department may give permission to travel home with an adult under special circumstances.

Trying Out for a Team

Dates of tryouts for each athletic team will be announced during school.

The following are required before a student may try out for FCS athletic teams.

- The student must meet the academic eligibility requirements (p. 5).
- The student must be enrolled in FCS. For spring tryouts/workouts (cheerleading, football, volleyball, etc.), current FCS students must be re-enrolled for the next school year.
- All required forms (Page 7) must be completed, signed, and submitted to the Athletic Director or coach.

Varsity Letter Requirements

Athletic letters are awarded to any participants of varsity sports. Each coach will determine the minimum participation/playing time required for lettering. Also, it is possible for support personnel (managers, statisticians, etc.) to earn letters which will be determined by the coach. It should be noted that just being on the team does not merit letter status.

Weight Room Regulations

Students are not allowed in the weight room without adult supervision. Each coach should provide weight room usage for their athletes and always supervise each workout session. Also, athletes should always workout in pairs and never alone.
